Diseases of Male Reproductive Tract

- Anatomy
- Diagnosis
 - Bacterial Prostatitis—Acute
 - Bacterial Prostatitis—Chronic
 - Cystitis
 - Epididymitis
 - Hydrocele
 - Infertility
 - Nonbacterial Prostatitis
 - Orchitis
 - Spermatocele
 - Testicular Torsion
 - Urinary Incontinence
 - Varicocele
- Diagnostic Tests
 - Digital Rectal Exam
 - Blood Tests
 - Infertility Work-up
 - Semen Analysis
 - Transillumination
 - Ultrasound
 - Urine Analysis
- Treatment
 - Treatment For Bacterial Prostatitis
 - Treatment For Cystitis
 - Treatment For Epididymitis
 - Treatment For Hydrocele/Spermatocele
 - Treatment For Infertility
 - Treatment For Non-Bacterial Prostatitis
 - Treatment For Orchitis
 - Treatment For Urinary Incontinence
 - Treatment For Varicocele
 - Complementary Therapy

Sexual Dysfunction

- Anatomy
- Diagnosis
 - Erectile Dysfunction
 - Premature Ejaculation
 - Peyronie's Disease
 - Loss of Sexual Desire
- Diagnostic Tests
 - Nocturnal Penile Tumescence
 - Blood and Urine Tests
 - Blood Flow Analysis
- Treatment
 - Treatment for Premature Ejaculation
- Treatment for Peyronie's Disease
 - Psychotherapy
 - Treatments for Erectile Dysfunction
 - Self-Injection
 - MUSE
 - Oral Medications
 - Vacuum Pump
 - Revascularization Surgery
 - Venous Ligation Surgery
 - Penile Implants
 - Testosterone Replacement Therapy
 - Coping With Sexual Dysfunction

Prostate Cancer

- Anatomy
- Prostate Cancer Introduction
- Diagnostic Tests
 - Digital Rectal Exam
 - PSA Test
 - Transrectal Ultrasound
 - Needle Biopsy
 - Bone Scans
- Treatment
 - Watchful Waiting
